

## Hy-Boy PG Enviro Sprayer Winterizing Fluid Agricultural Sprayer Winterizing Fluid

### Description

Nemco Hy-Boy PG Enviro Sprayer Winterizing Fluid is a premium, non-toxic agricultural ground sprayer antifreeze made with propylene glycol and corrosion inhibitors. This made-for-Canada product offers a safer means of preventing freeze damage to the reservoir, lines and tips of ground sprayer equipment and offers burst protection to -50°C.

Nemco Hy-Boy PG Enviro is safe to use in metal and plastic pipes. To maintain burst protection, do not dilute.

### Advantages

- Ready-to-Use; do not dilute
- Safe, non-toxic formula with propylene glycol
- Suitable for metal and plastic systems
- Burst protection down to -50°C

### Applications

Suitable for all types of agricultural ground sprayers. It is normal for this product to freeze during use in below zero temperatures.

### Use and Storage

Always read and follow your sprayer equipment operating manual for proper cleaning and winterizing methods. Ensure this product is compatible with the

components of your equipment. Sprayer equipment warranties require that manufacturers maintenance practices be observed. This product has a typical shelf life over 5 years under ideal storage conditions; keep packages closed while not in use, store in a cool, dry area and away from open heat sources, sparking tools and equipment. Keep drum and tote bungs securely in place; as bungs breath, moisture can seep in over time reducing the products effectiveness.

### Health, Safety, & Environment

GHS compliant Safety Data Sheets are available at [nemco.ca](http://nemco.ca) under the SDS Library. For SDS in French, please contact [info@nemco.ca](mailto:info@nemco.ca). This material is not considered hazardous under WHMIS. The SDS contains valuable information critical to the safe handling and proper use of the product. Always take used fluid to an authorized collection point. Avoid discharge into drains, soil, or water. As with any chemical, keep out of reach of children and animals.

### Quality

Nemco works with respected industry suppliers for chemicals and additives. Nemco Resources Limited manufacturing facility in Winnipeg, Manitoba is proud to be certified to ISO9001. For questions regarding quality, please contact your local sales representative.

### Typical Characteristics - Hy-Boy PG Enviro
