

Product Data Sheet

Isopropyl Fuel De-Icer Solvent and Gas Line Antifreeze

Description

Nemco Isopropyl Fuel De-Icer contains 99% pure isopropyl alcohol and is designed to improve engine performance by eliminating moisture and ice from fuel systems. This assures better starting in cold and wet conditions and helps to keep carburetors, injectors, and fuel systems clean and free of ice and moisture. It can be used with all grades of gasoline and diesel fuel. This product can be used when storing vehicles to help remove moisture from fuel tanks.

Applications

- This product is recommended for gas- and diesel-powered cars with fuel injection systems and is also suitable for powerboats, snowmobiles, and most recreational vehicles.
- Treatment ratio is: 150ml for every 24-35L of fuel. Always follow your manufacturer's recommendations for proper use of this product.

Important Notes

- Industrial Grade: do NOT use for Hand Sanitizer, can be used for industrial sanitizing purposes.
- Isopropyl is highly flammable; follow safe handling procedures. Keep away from sources of heat, hot surfaces, sparks, open flames, and other ignition sources.

Typical Characteristics

Properties	Method	Typical	Properties	Method	Typical
Colour	Appearance	Colourless	Freeze point, °C(F)	D3321	-89(128)
Specific gravity, 20°C(F)	Internal	0.780 – 0.790	Boiling point, °C(F)	D3321	82(179)
pH	D1287	n/a	Flash point, °C(F), cc	D93	12(54)

These characteristics are typical of current production, variations in these characteristics may occur.
